

IT SUPPORT SOLUTIONS

Every business needs a reliable computer network to operate efficiently, but not every business can justify the expense of hiring their own IT staff to manage it. At The Computer Doctors, we manage your computer network so you don't have to!

With our dedicated computer maintenance agreement plans, IT support for your computer network is only a phone call or email away! Our comprehensive plans offer support for computer and network installation, maintenance, repair, and technical support at greatly reduced rates. In addition, our support plans offer high-priority service from your very own dedicated field engineer. This allows you to get on with doing what you do best: Running Your Business !

- Network Design, Installation and Support
- Server Installation and Maintenance
- Workstation Installation and Maintenance
- Software Support
- Security, Backup, and Antivirus
- Field and Shop Repair Services

flexible solutions for your business needs

APPLICATION MANAGEMENT

Our certified engineers at The Computer Doctors are familiar with many software programs and can often help you with questions right over the phone! No need to call an overseas company and wait on hold to get sub-standard service. Also, we serve as the liaison between you and your custom software company to help keep custom applications running nominally.

ENTERPRISE MANAGEMENT

The Computer Doctors is your one-stop shop for management of your enterprise IT. We handle the support for your network by monitoring current network conditions and responding before a critical issue arises. We take care of security for you, by keeping your security solutions, backup systems, antivirus and anti-malware programs up-to-date. Our service agreements make it all very affordable!

SUPPORT AGREEMENTS

Our customized support agreements enable you to control your IT budget by paying one monthly fee for a committed number of service hours. They also entitle you to priority service with a dedicated engineer for your account.

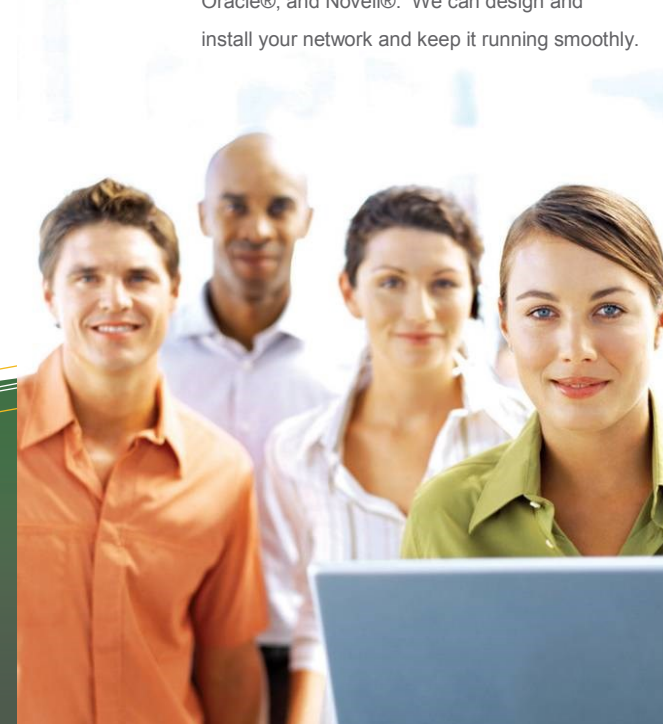

WEB SOLUTIONS

Our certified engineers can help design, build, and maintain your web presence, and maintain your cloud servers and company intranet!

NETWORK SOLUTIONS

Our engineers are certified on equipment including Cisco®, Microsoft®, Linux, Oracle®, and Novell®. We can design and install your network and keep it running smoothly.

WE'VE WORKED WITH A DIVERSE CUSTOMER BASE. HOW CAN WE HELP YOU?

At The Computer Doctors, we have a wide range of experience in IT support for many types of businesses!
